## Subject Index

### ■ a

ACID BASE EQUILIBRIUM
*neurologic phenomena in disorders of (Aita), *November, p. 117*

ADOLESCENT
*and the physician (Faigel), *November, p. 90*

ADRENAL INSUFFICIENCY
*hyperkalemic paralysis in (tip), November, p. 173*

AGED
*office evaluation of the, mental patient (Barron, McMillan), *September, p. 106*

AMERICAN ACADEMY OF GENERAL PRACTICE
*annual report of Chairman of Board of Directors, September, p. 219*
*annual report of Executive Director, October, p. 219*
*common stock investment program, August, p. 189*
*common stocks, three compelling reasons for holding, October, p. 243*
*goals similar to those of English equivalent (ed), November, p. 75*
*highlights of AAGP master form of Keogh plan, November, p. 221*
*mutual fund (ed), July, p. 75*
*President's address, August, p. 179*
*when a retirement plan is not a retirement plan, December, p. 205*

AMPHOTERICIN B
*clinical use of (Tynes), *September, p. 97*

ANEMIA, SICKLE CELL
*hepatic sequela of (tip), September, p. 157*

ANESTHESIA
*inhalation of gastric contents during (Hamelberg, Bosomworth), *September, p. 130*
*liver necrosis after (tip), November, p. 175*

AMPHOTERICIN B
*clinical use of (Tynes), *September, p. 97*

ANEMIA, SICKLE CELL
*hepatic sequela of (tip), September, p. 157*

ANESTHESIA
*inhalation of gastric contents during (Hamelberg, Bosomworth), *September, p. 130*
*liver necrosis after (tip), November, p. 175*

ANEURYSMS
*some practical clinical aspects of* (*Spittell*), **July, p. 78*

ANTICOAGULANTS
*prophylactic* (*tip*), *October, p. 185*

AORTA
*coarctation of, late results of surgery for* (*tip*), *November, p. 149*

AORTIC ARCH
*double* (*tip*), *October, p. 179*

AORTIC RUPTURE
*thoracic* (*tip*), *October, p. 169*

AORTIC VALVE
*surgery* (*tip*), *September, p. 179*

APPENDICITIS
*acute, x-ray findings in, September, p. 89*
*in elderly* (*tip*), *November, p. 161*

APPENDIX
*carcinoid tumors of* (*info pl*), *December, p. 135*

ARTHRITIS
*after vaccination* (*tip*), *September, p. 163*

ATRIAL FIBRILLATION
*onset of* (*tip*), *December, p. 155*

AUDIOLOGY
*for the general practitioner* (*Reger, Donaldson*), **September, p. 123*

AUTOMOBILE ACCIDENTS
*safety devices and* (*ed*), *August, p. 75*

## ■ b

BASAL CELL NEVI SYNDROME
*family studies* (*tip*), *July, p. 131*

BELL'S PALSY
*a medical emergency* (*Donaldson*), *August, p. 123*

BIRTH CONTROL
*progestational agents in* (*info pl*), *September, p. 201*

BONE
*bacterial infections of* (*Clawson*), **December, p. 124*

BREAST CANCER
*fibrocystic disease and* (*tip*), *November, p. 169*
*mammography in* (*tip*), *July, p. 119*
*metastatic* (*info pl*), *December, p. 137*
*progestational agents and estrogens for* (*tip*), *September, p. 189*

BRONCHITIS
*racial differences in* (*tip*), *December, p. 149*

BURNS
*differentiation of* (*tip*), *October, p. 193*
*scars, malignant degeneration in* (*tip*), *November, p. 177*
*silver nitrate in treatment of major* (*tip*), *November, p. 171*

## ■ c

CANCER
*among Japanese* (*tip*), *September, p. 183*
*colorectal, diagnosis and treatment* (*tip*), *October, p. 175*
*esophageal* (*tip*), *November, p. 153*
*how patients with, learn diagnosis* (*Nicholas*), **August, p. 85*
*in the aged* (*Pack*), **November, p. 95*
*lung, many faces of* (*Ford*), **December, p. 86*
*oral* (*tip*), *September, p. 177*
*palliative management of patients with advanced* (*Geist*), **November, p. 106*
*physician's role in prevention of* (*Potter*), *September, p. 77*
*snuff dipper's* (*tip*), *September, p. 165*
*tissue injury and autotransplantation of, November, p. 127*

CANCER CHEMOTHERAPY
*rectal biopsy in* (*tip*), *November, p. 159*

CARBOHYDRATE
*diet, low (info pl), December, p. 137*

CARDIOVERSION
*problems of (tip), December, p. 147*

CAUDA EQUINA
*lipoma of (tip), November, p. 161*

CENTRAL NERVOUS SYSTEM
*minimal cerebral dysfunction (Oberman), *October, p. 143*

CEPHALOTHIN
*efficacy of (tip), December, p. 157*

CHEST
*flail, injury (tip), November, p. 177*
*wall trauma causing constrictive pericarditis, October, p. 115*

CHILDREN
*achalasia in, October, p. 160*
*acute renal failure in (tip), October, p. 163*
*asthma, death in (tip), December, p. 163*
*asthma, physical fitness and (tip), September, p. 185*
*asthma, steroids in (tip), August, p. 159*
*benign recurrent hematuria in (tip), September, p. 171*
*bleeding disorders in (Hartmann et al), *October, p. 144*
*huge splenic cysts in (tip), October, p. 169*
*hypertrophic osteoarthropathy in (tip), September, p. 161*
*idiopathic optic atrophy in (tip), July, p. 125*
*impetigo, etiology and complications (tip), October, p. 165*
*intraspinal tumors in (tip), November, p. 163*
*measles, vaccine and tuberculosis, September, p. 155*
*mentally retarded, counseling parents of (McIntire), *November, p. 124*
*muscular dystrophy in, and intellectual impairment (tip), December, p. 145*
*nail biting in (info pl), August, p. 143*
*phenylketonuric, reactions of families with (tip), September, p. 183*
*poisoning, repeated (tip), October, p. 167*
*portal hypertension in (tip), December, p. 169*
*rectal bleeding in, laparotomy for (tip), November, p. 169*
*rubeola exposure (info pl), August, p. 143*
*thyrotoxicosis in, surgical treatment (tip), December, p. 169*
*thyrotoxicosis in (tip), October, p. 195*

CHLORDIAZEPOXIDE
*intoxication (info pl), July, p. 114*

CONTRACEPTIVES, ORAL
*and thrombosis (tip), October, p. 193*

CORONARY DISEASE
*risk factors in (tip), July, p. 117*

CORONARY THROMBOSIS
*and linolenic acid (tip), December, p. 163*

CORTICOSTEROIDS
*long-term treatment with ACTH and, July, p. 97*

## ■ d

DE LANGE SYNDROME
*findings (tip), November, p. 159*

DELIVERY
*breech presentation and mortality (tip), August, p. 157*

DEMENTIA
*progressive, review (Mathis), *August, p. 124*

DIPHENYLHYDANTOIN
*activated seizures, December, p. 133*

DISABILITY
*managing patients with (Farrell), November, p. 213*

DISACCHARIDASE
*insufficiency (tip), August, p. 161*

DISASTER
*planning for (Deisher), December, p. 197*

DUODENAL ULCER
*perforated, rational management* (*Hoagland*), **October, p. 103*

## ■ e

EMBOLUS, PULMONARY
*caval ligation for* (*tip*), *November, p. 181*

EMPHYSEMA
*congenital lobar* (*tip*), *December, p. 151*
*glomectomy for* (*info pl*), *November, p. 185*

ENDAMOEBA COLI
*treatment for, or adequate diagnosis* (*info pl*), *November, p. 185*

ENDOMETRIOSIS
*treatment for* (*info pl*), *November, p. 183*

ENDOMETRIUM
*adenocarcinoma of* (*tip*), *December, p. 143*

ENTEROCOLITIS
*necrotizing* (*tip*), *October, p. 177*

ENURESIS
*and heredity* (*info pl*), *July, p. 113*

ERYTHROBLASTOSIS
*recent advances in management of* (*Oberman*), *November, p. 76*

ESCHERICHIA COLI
*meningitis in adults* (*tip*), *November, p. 153*

ESOPHAGITIS
*corrosive, early esophagoscopy in treatment of* (*Oppenheimer, Quinn*), **October, p. 134*
*reflux, October, p. 160*

ESOPHAGUS
*perforation of* (*tip*), *December, p. 155*
*spontaneous rupture of* (*tip*), *August, p. 151; July, p. 112*

EXTREMITIES
*lower, burning sensation in* (*info pl*), *October, p. 199*
*lower, epidermoid carcinomas of, treatment* (*tip*), *July, p. 133*
*thermography use in* (*tip*), *October, p. 171*

EYE
*differential diagnosis of extraocular foreign bodies* (*Keeney*), **October, p. 109*

## ■ f

FANCONI SYNDROME
*and tetracycline* (*tip*), *August, p. 145*

FAT
*intravenous, therapy* (*tip*), *November, p. 151*

FAT EMBOLISM
*cerebrospinal fluid in* (*tip*), *October, p. 173*

FEVER
*unexplained, laparotomy for* (*tip*), *August, p. 155*

FISTULA
*enterocutaneous* (*tip*), *November, p. 173*

FLUORIDE
*dietary, caries prevention* (*tip*), *December, p. 165*

FRACTURE
*osteomyelitis in compound, August, p. 138*

## ■ g

GASTRIC HEMORRHAGE
*after portacaval shunt* (*tip*), *October, p. 181*
*massive, treatment* (*tip*), *October, p. 181*

GASTROINTESTINAL SYSTEM
*surgery, hemorrhage as sequel to* (*tip*), *September, p. 181*

GENERAL PRACTICE
*and class distinction in medicine, October, p. 247*
*ethics and the image (ed), August, p. 76*
*family physicians disappearing from Maryland (ed), July, p. 75*
*family physician's role in new drug investigation (Klumpp), November, p. 197*
*New Jersey, key to survival (Winter), October, p. 233*

GOITER
*nodular, desiccated thyroid for (tip), December, p. 155*

GOUT
*new drug treatment for (tip), August, p. 145*
*renal lesion in (tip), September, p. 171*
*treatment of (tip), September, p. 175*

GP *Quiz, July, p. 134*

GRANULOMATOSIS
*septic (tip), October, p. 165*

## ■ h

HAIR
*removal by wax treatment (info pl), July, p. 114*

HEALTH STUDIES
*of high schools (tip), August, p. 163*

HEART
*monitoring of (Eisner), *October, p. 94*
*murmur (tip), October, p. 191*

HEART DISEASE
*congenital, hypermetabolism in (tip), December, p. 167*
*postpartal (tip), December, p. 143*

HEPATIC DUCT
*bifurcation, carcinoma of (tip), October, p. 183*

HEPATOLENTICULAR DEGENERATION
*treatment of (tip), September, p. 173*

HIP
*fractures, treatment (Lucas), *November, p. 78*
*subluxation of, October, p. 108*

HISTOPLASMOSIS
*mediastinal (tip), October, p. 179*

HODGKIN'S DISEASE
*paraspinal mass (tip), December, p. 153*
*therapy of (tip), November, p. 173*

HOMOCYSTINURIA
*pathology of (tip), August, p. 147*

HYDROCEPHALUS
*acetazolamide in (tip), November, p. 171*
*and meningomyelocele, practical considerations (Shurtleff et al), *July, p. 101*

HYPERCALCEMIA
*and carcinoma (tip), October, p. 189*
*in malignant nonparathyroid disease (tip), September, p. 191*

HYPERCHOLESTEROLEMIA
*ileal bypass (tip), November, p. 179*

HYPERTENSION
*adrenalectomy and sympathectomy for (tip), September, p. 197*
*and hematocrit (tip), October, p. 191*
*pargyline in (tip), July, p. 133*
*therapy in (tip), July, p. 117*

HYPOKALEMIC ALKALOSIS
*chloride, need for in (tip), September, p. 167*

HYPONATREMIAS
*inappropriate secretion of antidiuretic hormone (Berman), *August, p. 106*

HYPOTENSION
*oxygen for (tip), September, p. 195*

HYPOTHYROIDISM
*precocious menstruation in (tip), September, p. 197*

## i

IMMUNIZATION
*fetal protection against immunologic rejection (tip), September, p. 159*
*programs, mass and private (info pl), July, p. 113*

IMPOTENCE
*in male (Kurland, Layman, Rozan), *November, p. 113*

INDUSTRIAL MEDICINE
*review (Holtaway), *August, p. 111*

INFANTS
*acute bronchiolitis in (tip), September, p. 193*
*allergic rhinitis in (tip), July, p. 131*
*bilateral inguinal hernia repair in, and children, September, p. 122*
*bile ducts, spontaneous perforation (tip), October, p. 161*
*breast-milk jaundice (tip), September, p. 165*
*PTA in (tip), October, p. 187*
*respiratory distress and cardiac disease (tip), November, p. 165*
*spina bifida cystica (tip), November, p. 151*
*ventricular septal defects, spontaneous closure of (tip), September, p. 195*

INFANTS, NEWBORN
*bacterial infection of (Korones), *August, p. 89*
*diaphragmatic defects in (tip), September, p. 177*
*listeriosis, August, p. 110*
*Potter's syndrome in (tip), August, p. 159*
*prognosis of convulsions in (tip), November, p. 167*
*respiratory distress syndrome and birth weight (tip), September, p. 167*
*respiratory emergencies of (Pate, Wolf), *September, p. 90*
*transplacental hyponatremia (tip), November, p. 181*

INFANTS, PREMATURE
*indices of (tip), July, p. 127*
*nonhemolytic hyperbilirubinemia in (tip), December, p. 141*
*respiratory syncytial virus infection outbreak in (tip), July, p. 129*
*septicemia in (tip), December, p. 159*
*small, megaloblastic anemia in (tip), August, p. 149*

INFECTION
*sex and susceptibility to (tip), August, p. 153*

INGUINAL HERNIA
*important factors in etiology (tip), October, p. 197*

INTERVERTEBRAL DISK
*cervical spine dysfunction (Harris), *October, p. 78*
*lumbar disk prolapse, treatment (Taylor), *November, p. 140*

## j

## k

## l

LARYNX
*hoarseness may indicate carcinoma of (Donaldson), October, p. 93*

LEAD POISONING
*myocarditis due to (tip), December, p. 153*

LEPROSY
*occurs everywhere (Fasal), *October, p. 95*

LEUKEMIA
*cerebrospinal (tip), December, p. 151*
*uric acid excretion in (tip), August, p. 153*

LIVER
*carcinoma, radioisotope scanning of (tip), October, p. 161*
*injury, collagen sponges for (tip), July, p. 123*
*injury, surgery in (tip), July, p. 121*

LUNG
*and liver radioisotopic scan (tip), September, p. 189*
*carcinoma, many faces of (Ford), *December, p. 86*
*cavitary metastases of (tip), September, p. 161*

LUPUS ERYTHEMATOSUS
*vascular signs in (tip), November, p. 161*

LYMPHANGIOGRAPHY
*review (Seitzman), *August, p. 117*

LYMPHEDEMA, IDIOPATHIC
*practical aspects of diagnosis and treatment of (Schirger, Spittell), *November, p. 102*

LYMPHEDEMA PRAECOX
*review (Grossman, Landa), *July, p. 86*

LYMPHOMA
*malignant, operative treatment for (tip), September, p. 171*

## m

MEASLES
*immunity in (tip), September, p. 157*
*vaccine, effectiveness of killed virus (tip), September, p. 197*
*vaccine, febrile reaction to (info pl), December, p. 135*

MECONIUM ILEUS
*treatment (tip), September, p. 181*

MEDICAL CARE
*emergency, little need for (ed), August, p. 75*

MEDICAL EDUCATION
*college graduates receiving (ed), August, p. 77*
*general practitioners enroll in postgraduate courses (Paul, guest ed), October, p. 76*
*University of Massachusetts disregards advice for location of medical school (ed), October, p. 75*

MEDICAL PRACTICE
*general practitioner and obstetrics specialists (Ratner), September, p. 139*
*organized medicine needs interest of physicians (Houghton), December, p. 195*

MEDICARE
*cost of, and private insurance (ed), September, p. 76*
*nonparticipation (ed), December, p. 75*

MELKERSSON'S SYNDROME
*possible treatment (tip), September, p. 187*

MENINGITIS
*tuberculous, prognosis of (tip), December, p. 159*

MESODERMAL TUMORS
*and hypoglycemia (tip), September, p. 169*

MIGRAINE
*complicated (tip), October, p. 171*

MITRAL STENOSIS
*valvotomy for (tip), November, p. 179*

MOUTH
*dry (info pl), October, p. 199*
*squamous cell carcinoma of (tip), September, p. 177*

MUMPS
*adult immunization (info pl), August, p. 143*

MYELOMA
*multiple, solitary pulmonary mass in (tip), December, p. 169*

MYOCARDIAL DISEASE
*review (Shugoll), *November, p. 129*

MYOCARDIAL INFARCT
*acute, incidence of arrhythmias in (tip), October, p. 175*
*acute, rupture of papillary muscle in (tip), December, p. 167*

*impending, value of anticoagulant therapy (Master), *October, p. 122*

## ■ n

NATIONAL FAMILY HEALTH CONFERENCE
*consumer point of view (Moorhead), July, p. 158*
*deficiencies in present-day medical education (Ratner), July, p. 185*
*educating tomorrow's family physician (Voy), July, p. 176*
*hospital's responsibilities to the community (Sister Mary Eucharia), July, p. 172*
*medical education and comprehensive medical care (Darley), July, p. 166*
*meeting the needs for comprehensive medical care (Ward), July, p. 181*
*needs for medical manpower (Wagner), July, p. 152*
*organizations for rendering comprehensive medical care (Lee), July, p. 161*

NEPHRITIS
*serum complement in (tip), November, p. 163*

NERVE PALSY
*common peroneal (tip), October, p. 197*

NEURINOMAS, ACOUSTIC
*symptomatology (Cape), *October, p. 116*

NOSE
*plastic surgery of (Beekhuis, Wright), *October, p. 136*

## ■ o

OBESITY
*and benign intracranial hypertension (tip), September, p. 175*
*and early growth (tip), December, p. 161*

OSTEOARTHROPATHY
*pulmonary, vagotomy for, October, p. 142*

OTITIS MEDIA
*myringotomy in (info pl), October, p. 201*

OTOLARYNGOLOGY
*current drug therapy in (Bernstein), *September, p. 78*

OVULATION
*fern test for (info pl), October, p. 199*

## ■ p

PARAPLEGIA
*changing concepts in the management of traumatic (Symington, Fordyce), *September, p. 140*

PARENTERAL FLUIDS
*by clysis (info pl), September, p. 199*

PATELLA
*chondromalacia of (Rubacky), *September, p. 128*

PEPTIC ULCER
*gastric freezing in (tip), August, p. 155*

PERSONALITIES IN THE MEDICAL NEWS
*Cashman, J. W., November, p. 33*
*Cohen, W. J., July, p. 33*
*Gardner, J. W., October, p. 33*

*Snively, W. D., Jr., September, p. 33*
*Stewart, W. H., November, p. 33*
*Westerman, R. L., September, p. 33*

PES PLANUS
*treatment (info pl), November, p. 183*

PHENYLKETONURIA
*management of, November, p. 94*

*pathogenesis of (Oberman), *November, p. 128*
*treatment of (tip), October, p. 165*

PHYSIATRISTS
*wanted (Rusk, guest ed), December, p. 76*

PIGEON
*breeder's disease (tip), September, p. 171*

PNEUMONIA, STAPHYLOCOCCAL
*treatment (tip), November, p. 169*

PNEUMOTHORAX
*spontaneous, treatment (tip), July, p. 123*

POISONING
*mushroom (tip), November, p. 155*

POLIOMYELITIS
*Sabin vaccine booster, frequency (info pl), July, p. 113*

PORTAL HYPERTENSION
*acute massive hemorrhage in, December, p. 105*

PREGNANCY
*abnormal hemoglobins in (McCurdy), *August, p. 78*
*carcinoma of cervix in situ during (tip), July, p. 125*
*diabetes in (tip), September, p. 173*
*grand multipara (tip), August, p. 163*
*hemolytic disease in (info pl), August, p. 141*
*human embryopathy in (tip), November, p. 165*
*rubella, teratogenesis and maternal (tip), September, p. 159*
*thromboembolic disease in, December, p. 119*
*twin, transfusion syndrome (tip), September, p. 195*

PRESIDENT'S COMMISSION ON HEART DISEASE, CANCER AND STROKE
*report (ed), October, p. 75*

PROCTOSCOPY
*value of (tip), September, p. 165*

PROSTATE
*carcinoma of, or granulomatous prostatitis (Kelalis, Greene), *September, p. 86*

PROTEIN
*loss into gastrointestinal tract (tip), August, p. 149*

PROTEINURIA
*orthostatic, urinary albumin excretion (tip), July, p. 119*

PSYCHIATRY
*family medicine and (Sheeley), December, p. 183*
*illness in physician's wife (tip), December, p. 141*

PULMONARY ALVEOLAR PROTEINOSIS
*review (tip), September, p. 169*

PYLORIC STENOSIS
*metabolic effects of (tip), October, p. 175*

## ■ q

## ■ r

RADIATION
*therapy, evaluating the patient (Turner), *August, p. 101*
*therapy symptoms (info pl), October, p. 201*

RECTAL PROLAPSE
*complete, treatment (tip), July, p. 131*

RECTUS SHEATH
*hematoma (tip), December, p. 157*

REGIONAL ENTERITIS
*diagnosis and treatment (tip), September, p. 185*

RENAL DISEASE
*dietary sodium and (tip), August, p. 157*

RENAL FAILURE
*excretion of digoxin (tip), July, p. 129*

RENOVASCULAR HYPERTENSION
*diagnosis and therapy (Castell), *August, p. 118*
*surgery in (tip), August, p. 151*

RESPIRATION
*distress syndrome, etiology (tip), October, p. 181*
*idiopathic distress syndrome (tip), November, p. 157*

RESPIRATORY FUNCTION
*effect of nonsmoking on (tip), September, p. 187*

RHEUMATIC HEART DISEASE
*and prophylaxis (ed), October, p. 75*

RHEUMATOID ARTHRITIS
*familial factors in, November, p. 116*
*psychologic aspects of response to treatment in (Solomon, Moos), *December, p. 113*

RHINITIS
*vasomotor, treatment (Mabery, Lake), *October, p. 89*

## ■ S

SALMONELLA
*carriers, treatment (tip), November, p. 157*

SARCOIDOSIS
*and coexisting cryptococcosis (tip), November, p. 149*
*involving the pleura (tip), August, p. 153*
*with hypogammaglobulinemia (tip), December, p. 149*

SEIZURES
*light induced (tip), September, p. 187*

SEROTONIN
*metabolism and dumping syndrome (tip), October, p. 173*

SERUM CHOLESTEROL
*elevation of, August, p. 129*

SHINGLES
*isolation precautions (tip), October, p. 185*

SHOCK
*refractory septic (tip), November, p. 177*
